

My AmeriCorps

AmeriCorps State Programs

Member Recruitment

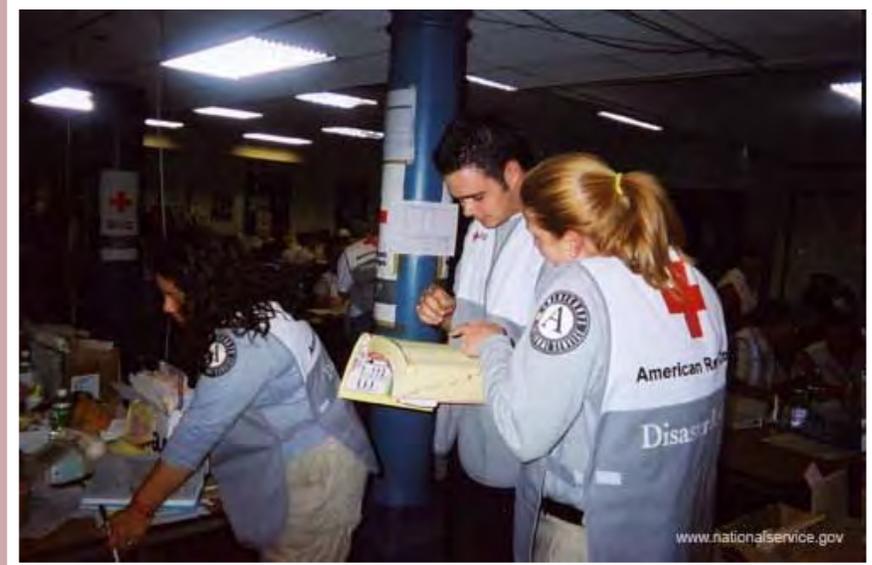

Corporation for
**NATIONAL &
COMMUNITY
SERVICE** 

Introduction

2

The following presentation will guide AmeriCorps State Program users through how to recruit a member via My AmeriCorps Portal.

My AmeriCorps Usage –Important Considerations...

3

- All of the My AmeriCorps tutorials and webinars focus on the functionality of the system rather than grant requirements or program policies.
- The My AmeriCorps system does not include comprehensive compliance checks.
- We recommend that programs set their own policies around system use and monitor usage for compliance. However, we suggest that programs give some thought to how they assign roles and access so that they are comfortable with the level of authority they are giving their users.
- If they have questions they should contact their program officer/program specialist or program director/project sponsor.

AGENDA

4

We will cover the following agenda items:

- How to create and edit a service opportunity listing
- How to search for candidates
- How to search for applicants
- How to view applications
- How to create a reference override
- How to approve or reject a member application
